One of the most thrilling features of the memorial is a life-sized bronze statue of Maharana Pratap sitting on his faithful horse, Chetak. The figure is 11 feet high and weighs about 70 tonnes. The museum built on the premises of the memorial has an enormous collection of paintings. These paintings depict the rich history of Kumbhalgarh and Chittorgarh along with the few instances from the battle of Haldighati.

CITY PALACE & LAKE PICHOLA : The City Palace towers over Lake Pichola. The balconies, cupolas and towers of the palace give a wonderful view of the lake and the surrounding city. This complex actually consists of four major and several minor palaces that collectively form the magnificent City Palace. The main part of the palace is now preserved as a museum displaying artifacts.

LAKE PALACE : Now a globally famous hotel but was originally called Jagniwas and served as summer palace, Built between 1743 and 1746 on the island near Jagmandir in Lake Pichola, the east facing palace is a wondrous sight to behold.

SAJJAN GARH FORT : This 19th century palace is built on top of Bansdara hills. Built by Maharana Sajjan Singh, it was used as a monsoon palace and hunting lodge. It is an awe-inspiring sight on Udaipur skyline and offer spectacular views of city and area around.

FATEH SAGAR LAKE : This delightful lake, bordered by hills and woodlands, lies to the north of Lake Pichola. The lake houses the beautiful Nehru Island as well as an island on which stands the Udaipur Solar Observatory. Boating in the lake gives an immense pleasure and relaxation. The largest fish aquarium in India, UNDER THE SUN is situated close to the Lake Fatehsagar Paal.

VISWAS SWAROOPAM (SHIVA STATUE) & SHRINATHJI TEMPLE : This is a 369 ft tall shiva statue called "Statue of Belief" location in Nathdwara.
