R.N.T. MEDICAL
COLLEGE

AMUCON - 2020

3rd Annual National Conference

DATE & TIME

14th February 2020 (9am to 5pm)

COURSE CONTENT

- Identify scenarios when a molecular diagnostic test is appropriate
- Describe the benefits of using a molecular diagnostic test
- Describe the common protocols for DNA extraction and DNA quantification
- Describe a PCR-based assay
- Conduct DNA extraction, DNA quantification, PCR amplification, gel electrophoresis, and mutation detection methods
- Understand quality control procedures and requirements specific for molecular testing
- Understand data reporting and interpretation as it relates to molecular testing

WHO SHOULD ATTENDE

Faculty, PhD Students, MD/MS/MDS Students
Budding Researchers, Post Doctoral Fellows.

WORKSHOP
ON
MOLECULAR
DIAGNOSTIC
TECHNIQUES

Venue : RNT Medical College, Udaipur (Raj.)

FOR
REGISTRATION
